# **“Challenges of new role and planning for tomorrow: India’s fight against COVID-19”**

## **Background of the Webinar:**

The entire human world has been forced to standstill due to the corona virus pandemic. Its life itself that is affected, profoundly so and almost at a generic level and that means at every other extended level of human experience. Emotional and Psychological to begin with, and from there to what we go about doing in our daily lives. Earning our bread, trying to survive or thrive. By March 11, 2020, when the WHO declared COVID-19 as a pandemic, its impact was felt across the globe by the 7.8 billion humans living on the planet. With an overwhelming majority of them in no position to help themselves. The world, which had the tendency to put effort into earning, is forced today to tie hands in front of the micro virus, fearing the end of the existence of individuals and society. Corona has exposed the limits of scientific progress and with that the illusion of modernity and the quest for acquiring money was unveiled and uprooted. If we anticipate the time and intensity of any disaster, and make preparations to deal with it, then surely we can curb the losses and troubles which arrive due to the disaster. It is the call of the hour to manage the disaster caused by Corona. It is the demand of the time to stay positive and by doing so, the individual, nation and every part of the society can be prepared for the difficult times to come. There is the need to change our perspective. We can either eradicate all possibilities of being positive by being frightened or can be hopeful and make everyone’s welfare possible in various new ways. Social co-operation is the need of the hour. We need to strengthen one another by becoming emblem of social involvement. With this spirit of social solidarity and mutual -cooperation, we have conceptualized this webinar for public awareness. This will help in planning for the upcoming future challenges and will prepare us for India's war against COVID-19.

In order to minimize the effects of Corona, it will also prepare us for new challenges which require desirable changes in functioning of various sections of the society such as policy making, teaching, administration, law and order, media, medical science, art and civil services.

## **About the Institution:**

Arya Mahila P.G. College is one of the institutions established and run by Shri Arya Mahila Hitkarni Mahaparishad , an educational organization founded by Maharshi Gyananand ji to safeguard the women's right of education in 1919. This year Shri Arya Mahila Hitkarni Mahaparishad celebrates its Centenary Year.

Maharshi Gyananand ji's able disciple Smt. Vidya Devi Ji endeavoured hard and dedicated her whole life in giving shape to the vision of Maharshi Gyananand Ji. The objective of the

mahaparishad was to uplift the status of women. The four Institutions (Arya Mahila Bal Vibhag, Arya Mahila Inter College (UP Board), Arya Mahila Nagarmal Murarka Model School (CBSE) and Arya Mahila PG College affiliated to BHU) which were organized and managed by Smt. Vidya Devi Ji are still maintaining the philosophy of Maharshi Gyananand Ji. He was of the opinion that both men and women should jointly maintain the unity, integrity of society based on judicial divisions of labour. The girls in all these four Institutions are given every opportunity to unfold their potentiality so that they may become self-reliant, empowered and proud citizen of the country. Arya Mahila P.G. College provides higher education in several courses at Graduate, Post Graduate and Research level in the field of Arts, Social Science, B.Ed. and Commerce.
