- 4 - Every time
- 3 - Usually
- 2 - Occasionally/Sometimes
- 1 - Rarely
- 0 - Never

13. The teachers identify your strengths and encourage you with providing right level of challenges.

 Copy

199 responses

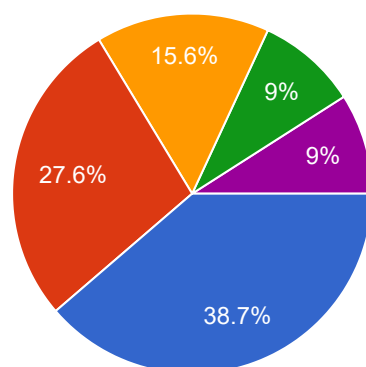

- 4 - Fully
- 3 - Reasonably
- 2 - Partially
- 1 - Slightly
- 0 - Unable to

14. Teachers are able to identify your weaknesses and help you to overcome them.

 Copy

199 responses

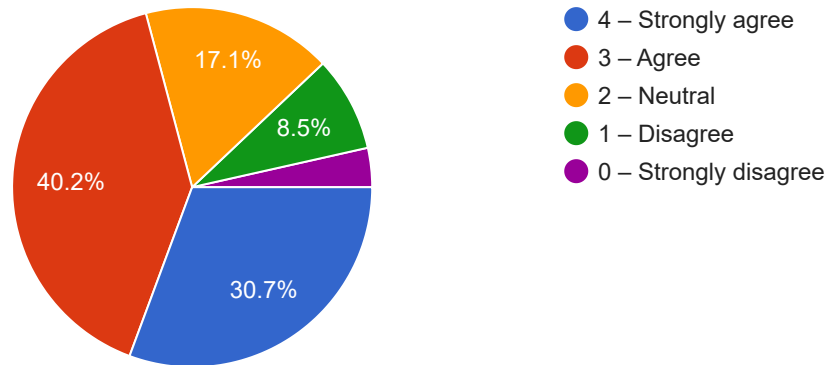

- 4 - Every time
- 3 - Usually
- 2 - Occasionally/Sometimes
- 1 - Rarely
- 0 - Never

15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.

 Copy

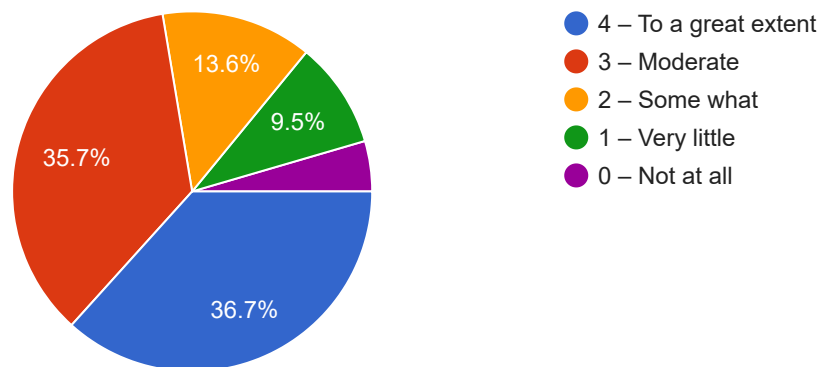

199 responses

16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.

 Copy

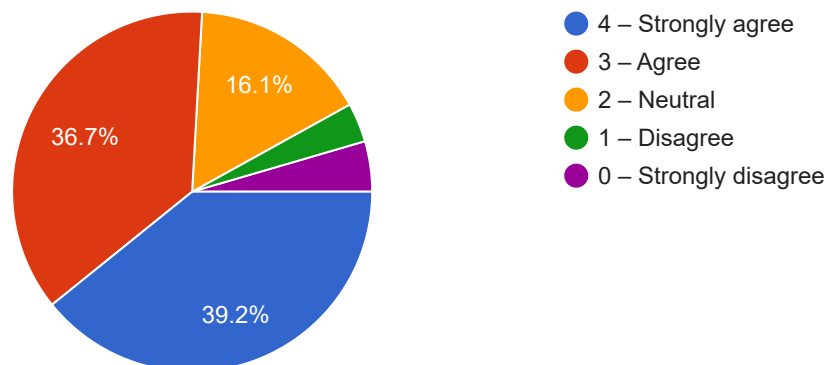

199 responses

17. Teachers encourage you to participate in extracurricular activities.

 Copy

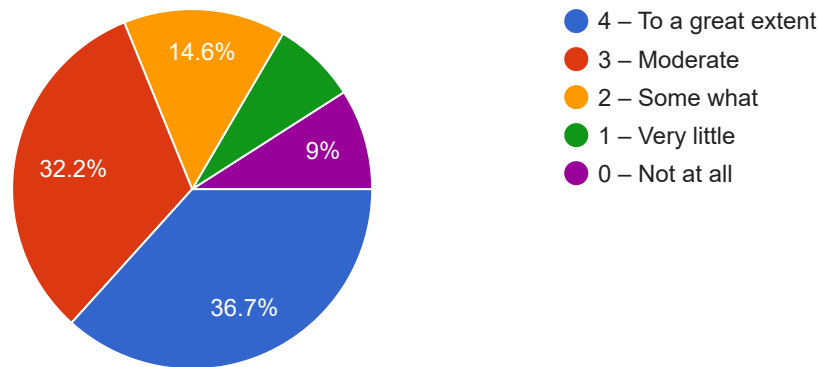

199 responses

18. Efforts are made by the institute/ teachers to inculcate soft skills, life skills and employability skills to make you ready for the world of work.

 Copy

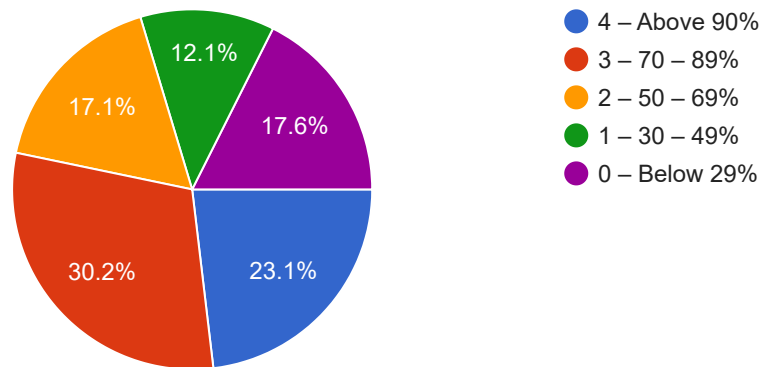

199 responses

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

 Copy

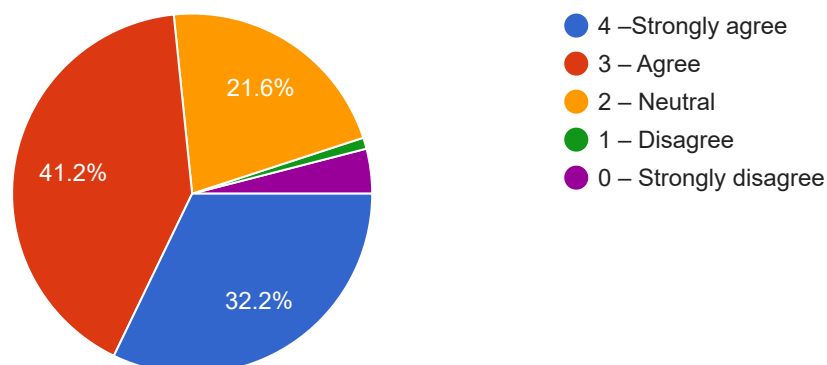

199 responses

20. The overall quality of teaching-learning process in your institute is very good.

 Copy

199 responses

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

199 responses

Good

No

Good

Very nice

Nothing

...

Very good

1. Extracurricular activities should be encouraged
2. Classes are taken regularly but not in all papers
3. Internships should be provided

1. Teachers should ask every student that if they have any problem or not because some students like me have problems in speaking like they feel very nervous.
2. Teachers should take us to tour for the deep studies related to our syllabus.
3. Teachers should teach both in English and Hindi because most teachers teach in Hindi but Many students can't understand Hindi so that is why.

1. The teachers should actually be experts in their subjects; they're too incompetent to be inspirations. They simply don't know enough to spark curiosity. The english professors are terrible at basic grammar!
2. Attendance should not be such a fuss - it leads to burnout in many cases. It's not the irreplaceable ingredient of learning y'all think it is. Let us off if we have valid enough reasons.
3. Hold more competitions - not everyone is into GK quizzes. A few personal recommendations would be language related competitions (linguistics, spelling bees, vocab etc.), music, dance, art, poetry, calligraphy, sports (not the generic ones, please) and so on.

लाइब्रेरी में और किताबों की मात्रा बढ़ानी चाहिए, सिलेबस के अनुसार।

Overall the institution is great it has its own pros and cons. English department is one of the finest and most actively engaged with the students in teaching and learning process. But home science department is nothing less than a mess there's no such things as management and Cooperation between professors and students.

पाठ्यक्रम को पूर्ण रूप से पूरा करे
विद्यार्थियों को समझाने पर जोर दे
सभी कक्षाएं पूर्ण रूप से संचालित करें

1- Adapting & flexibility.
2-Effective Mentoring.
3-Socializing with students.

All the teachers are good. But the facilities provided by our college is not enough.
Overall good experience.

No suggestions

Stop taking exams every month !

Mam ji best

Way of teaching is very good.

Efforts should be made regarding soft skills development, extra co curricular activities like sports, yoga,debates,dance etc.

1-Psychology department teacher need to improve polite
2- only few teacher use projector to study time
3-only history department complete syllabus and psychology
Economics department only complete 1 ya 2 unit always never complete syllabus
4 -library need to improve and add competitive exams book new edition
And improve network access in computer system

First one is equally focused on all the students second one is be regular and the last third one is approached to all the students equally .

Shiksha ko

Efforts to inculcate soft skills to be done.Extra cocurricular activities should be promoted like dance,sports,debates,music etc. Health card access should be given to students of affiliated college as well.

Ek alag department banana chahiye sabhi other skills ke liye jaha free hone pr sabhi apna time de sake , like poetry singing painting etc..

Teaching teaching skill

1 . Be fair with all students 2. Information about other activities 3 try to teach in both languages (Hindi, English)

Weekly debate and discussion over topics

More practical based learning should be encouraged

Hod is good but teacher's behavior towards students is very rude behavior

To give more details about the topics and provide necessary materials related to it and teachers should help students in different languages also

All things are good ,teachers are trying there best Only one thing they have to coner the syllabus not so fastly ..

no ty

Need improvement

- 1- should interact and co-operate with students more
- 2- should focus more on other things rather than just completing syllabus
- 3- adapt new and improved way of teaching

Firstly, teacher should stick to point of the topic being taught, discussion should be considered as student as when do not understand the topic and when clarity is missing ,schedule should be informed by teacher beforehand to reduce wastage of time and effort of student .

1. Traditional method of teaching that does not cater with the modern world
- 2.Semester completed in 1-2 months
- 3.Co-curricular activities are very rare and even if any arises , the level of event does not seems to be like college, feels like schools had more all-round development than this college

Nice

Usage of ICT tools
Proper arrangements for classroom to conduct classes
To hand out proper time table schedule for class

Complete the whole syllabus
Explain it clearly
Try to communicate with students strictly but softly so that they can ask questions to professor without fear

For 3rd year
Arrange time table with interval break

Strongly agree

To be focus on Extracurricular activities
And competitions

1. should use projectors and dg board in maximum way possible
- 2.Should use bilingual languages to explain mainly in language like aihc
- 3.Should give weekly class test sort of thing

Everything is good

—

More time should be given to semesters
We literally completed a three year degree in 2 yrs

Excellent teaching 🙌

As an student... I don't think that I can suggest my teachers to improve as they are one one how teaches us not the other way but... I think teachers should always be their to solve the problem of their students but not become problem themselves.... as an student we face many difficulties to be here or to complete our studies... so teachers should be atleast understand our problem..... So yes as an student what is needed from our teacher's is more Humbleness and consideration. Thank you.

Material should be given in Hindi. The key points should also be explained in Hindi.
Copies should not be checked on the basis of attendance

Gwjdkdbsjdkd

Be little kind spoken , understand the family/personal issue , give fair marks

Increase of Classes, Cover most of the Syllabus,

Please give proper 90days time to students for there better experience in their own institute and have a better life journey to there goals

Give more space like play group

Overall teaching is so good in the campus and the teachers are very helpful...

Give priority to students need
Unbiased learning
Field learning

Overall very good teaching and learning

I think it needs further improvement

Library books should be issued more than 10 days , each semester have different way to do assignments

Improve water quality.

Kindly inform us about the examination at least a week before its happening

- 1.Availability of more content - related books in the library.
2. Wi-Fi with fast internet speed for students.

Better class explanation

The lectures need to be more engaging.

Assignments and project works should be included along with internal evaluation tests.

There is no any need of improvement.

VeryGood Helpfull and kindlyfull

Very good curriculum co curricular activites and skill development

1. More extracurricular activities should be introduced.
2. Compulsory internship program should be introduced.

- 1).Provided properly use ICT Tools such as LCD projector while teaching.
- 2). Want to properly syllabus is covered in the class.
- 3.) want to different sport activities provided in our college like that... basketball, cricket etc..

I'm satisfied

Teachers should be engaging with students , promote extracurricular , promote active communication and enhance in other soft skills too but what They do all is complete the syllabus and give exams that's all not Even sports management is good

Excellent

- 1_improve teacher' teaching skills.
- 2_improve management because management is very bad .
- 3_conduct some internship for student .

1. The teachers should use projectors and display PPTs related to the course/topic and later on, share those PPTs in the official online class groups.
2. The teachers should give tips, guidelines or suggestions on the correct way to write an answer effectively during the examinations (either in class or in online official class groups).
3. The teacher should give feedback on how the students performed in the assignment and internal examinations.

Some teachers are not completed syllabus and not built understanding in his subjects, Some teachers teaching style is not good so they should try to his best to teach students, teacher can teach through projector, recently happened event and practice through weekly test etc are help to improve students life

Try to interact with students, help in learning, arrange doubt clearing session weekly or in 2 weeks atleast

- The amount of syllabus teachers have covered, marking should be done under that process only
- Teachers should not burden up students by assignment, test, viva n all
- Marking should be done properly

Internship opportunities
Improvement in marking scheme in exams by teacher

Teaching

We could use more of field work and experience throughout our semester

Teachers should focus on all students

1. Sharing the asked study materials to the group.
2. Use of mixed teaching languages, i.e., english and hindi. Preferably english (for me).
3. Providing proper information about classes (whether it will run or not) otherwise it wastes time.

- 1.Extra classes
- 2.internal test with viva
- 3.strict disciplines

1. The evaluation of our internal exams should transparency.
2. Some teachers are seen practicing biasness and partiality in and out of the class. They are observed giving special attention to some students in the class. This should not be done as it discourages other students.
3. Correct information about running of classes and giving extra study materials such as PDFs should be there.

Airconditioner class room.
Teachers should come on time
Extra curricular activity

Good
Very Good
Excellent

Improve infrastructure

All teacher are teaching good .and help in study always

Overall the faculty is best

Good Institution

Was very well

Moderate
Still needs some improvement

There teaching method is very good

Very well 👍

1. Attendance should not be mandatory thus providing students with necessary liberty and encouraging teachers to make their teaching more engaging for students.
2. The campus feels very compact. The ground area should be increased.
3. The auditorium does not cater to the requirements of the students due to its small size.

Very good

Sometime we face language issue for English medium and hindi medium students...

Overall good nothing changes

Class ke time table ko shi trike se shedule krna chaiye
teachers ko ydi possible ho to projector ka use Krna chaiye
Class me study se hi related activity krani chaiye jisse students usse kuch sikh ske
